BARGAIN BINS

Your council has joined up with the Recycle Now Home Composting Campaign, a government-funded scheme to encourage people to reduce the waste they send to landfill. So how is it possible to sell compost bins at such low prices? Buying in large volumes direct from manufacturers and selling to you at cost, lets Recycle Now offer the compost bins for less. In addition to this, your council subsidises the cost of the compost bins. This means that customers can purchase a standard 330ltr black compost bin at a vastly reduced price, compared to the regular price of £49.00! So hurry and order yours today as stocks are limited!
