Extra Care Living

Activities and Events

Events and activities will take place every day and most will also be available to the wider community. People will be involved in deciding what type of events take place.

Gardens

The gardens are secure and will be available to all residents to tend, socialise with friends and family in and take part in other activities such as barbeques, keep fit and games.
There will be quiet areas with sensory plants and areas encouraging wildlife. Residents will have their own private patio areas or balconies.

**Parking**

There will be parking for residents, staff and visitors. A room on the ground floor will provide parking and charging for mobility scooters.

**Storage**

There is no additional outside storage or garage space but there are managed, communal storage spaces throughout the building and there is a bike shed.
